Check out the entire InterAction studios franchise on Steam Includes 12 items: Chicken Invaders 4, Chicken Invaders 5, Chicken Invaders 4 - Christmas Edition, Chicken Invaders 4 - Easter Edition, Chicken Invaders 4 - Thanksgiving Edition, Chicken Invaders 3, Chicken Invaders 3 - Christmas Edition, Chicken Invaders 3 - Easter Edition, Chicken Invaders 5 - Halloween Edition, Chicken Invaders 2, Chicken Invaders 2 - Christmas Edition, Chicken Invaders 5 - Christmas Edition Add to Account Chicken Invaders puts you at the forefront of a battle against invading intergalactic chickens, bent on revenge against the human race for our oppression of Earth chickens. In this episode, the chickens have hatched a devious plan to block out sunlight and freeze Earth to death. It's up to you to travel around the galaxy in order to piece together an ancient artifact and (quite literally) save the day. Hero's log, Stardate 8008.5 As the last intergalactic chicken invaders flee our Solar System and lingering feathers still smolder in interplanetary space, I ease up on the trigger and wipe the sweat from my brow. My work here is done. Saving the world sure works up an appetite. I'm plotting a course for the nearest Space Burger. I think I'll have the spicy chicken wings tonight. Or perhaps their galaxy-renowned chicken pie? Ah, the choices of a hero are never easy. Suddenly, I am yanked back to reality by the whine of my trusty spaceship's automated warning system. Why are all my dashboard lights flashing red? Why has the Earth darkened so? And why does it all have to happen just as I'm about to eat? Looks like tonight's dinner will have to wait... View more screenshots Chicken Invaders is a fun, addictive game, that is able to keep you at your computer for many hours. I played the first version of this game about two years ago, and I still like it. The second version (this one) comes with improved mouse control, with new types of power-ups, and different types of chickens. The story of the game says that chickens are invading the solar system. Your goal is to kill as many as you can while at the same time driving your spaceship out of harm's way. You must avoid falling eggs and collect as many power-ups as you can in order to boost your firepower. The power-ups are shaped just like presents. You should also gather chunks of chicken and money that fall off when you kill almost each bird. The game can be played by two players, simultaneously, on the same computer. One can play with the mouse, while the other can use the keyboard. Pluses: You can upload your high-scores to the Internet and compare yourself to other gamers. Drawbacks / flaws: In conclusion: I really like this game. In joking, I think it's a nice way of spending your time at work. version reviewed: 2 Save the solar system from invading chickens! Just when you thought it was safe to eat chicken again, the chickens have returned with an organized invasion to take over the entire solar system! Journey to each planet and fight your way through to save the world (again)! Advance through waves of invading chickens, avoiding falling eggs and collecting... Journey to each planet and fight your way through to save the world (again)!In the first chapter of the Chicken Invaders saga, you defended Earth against an invasion of intergalactic chickens seeking revenge for the oppression of their earthly brethren. However, as you were clearing out the last of the chicken invaders and were looking forward to a double chicken burger special at the space burger bar, the true scale of the problem became apparent: the first invasion was simply a precursor to the chicken's main assault! Their master plan now becomes clear: to invade each planet in the solar system and make sure that it is inhabited exclusively by chickens!The time has now come to don your egg-repulsing helmet and make the biggest omelette you've ever made as you continue your adventure in the second chapter of Chicken Invaders: The Next Wave. Only you can make a difference. Will you succeed? Will the future of chicken burgers be secure? Or will you end up as part of the menu in a galactic chicken restaurant?Steam exclusive: Choose between original (chiptune) and remastered (orchestral) musicSteam exclusive: Unified analogue & D-pad joystick supportSteam exclusive: Capabiltily to reassign mouse buttons Minimum-OS: Windows XP/Vista/7/8/8.1/10Memory: 512 MB RAMDirectX: Version 9.0cStorage: 80 MB available space Minimum-OS: Mac OS X 10.4Processor: Intel processorMemory: 512 MB RAMStorage: 80 MB available space "InterAction studios", the InterAction studios logo, "Chicken Invaders", and the Chicken Invaders Logo are trademarks of Betacom, S.A. The Shoot'em up genre was one of the most of the most extended during the decade of the 80's and the 90's. And despite being a genre that many people wouldn't risk there money on any longer, it is still providing great titles nowadays, like Chicken Invaders. Kill those chickens in Chicken Invaders the player has to take on the role of a pilot that has to defeat the hordes of space chickens that are trying to invade Earth. Using the mouse to move the ship he will have to eliminate all the chickens and little chicks that appear on the screen. When some of the chicken are eliminated they will reward the pilot with chicken breasts that he will have to gather to get better weaponry in the long run. The graphics used in Chicken Invaders aren't anything great, but they contribute greatly to the game's entertainment. That added to the addiction level of this type of game give as a result a product that any player should try. Furthermore, Chicken Invaders includes the possibility that two players play at the same time or even the possibility to play games over the Internet, something that isn't so common in Shoot'em up games. Download Chicken Invaders to start knocking down the enemy chickens. Requirements and additional information: This download is a demo that only allows to play part of the game, and that has other restrictions. Sofonic reviewChicken Invaders 3 is a game that offers a great new twist on an old favourite. Alien chickens are invading Earth, and it is up to the player to take charge of a spaceship and blast the pesky poultry back to the deli counter. But watch out for the bombardment of deadly eggs!A Classic Game as You've Never Seen It BeforeAny game will feel right at home playing Chicken Invaders 3, which lovingly homages one of the true classics of the gaming medium. But as well as its hilarious cartoon stylings, the game brings a whole range of new additions to the familiar formula. Fight enormous bosses, obtain new weapons, and go up against weird new threats such as glowing meteors or crazy balloon-wielding chickens.If you are a player with a keen sense of fun, then this is the game for you. You will have hours of entertainment zapping away in its wacky cartoon world, fighting off the chickens that strive to conquer Earth. But watch out for the ultimate threat: the lightsaber-wielding UFO Chicken!More about Chicken Invaders 3Chicken Invaders 3 is very much one for players who appreciate retro gamesThe game is the best yet in the Chicken Invaders seriesPlayers who have already experienced the first two titles may find it over-familiarIf you want modern gaming development it is unlikely to appeal to you Sofonic reviewChicken Invaders is a free space shoot-em-up game that presents a weird and whimsical spin on the classic Space Invaders. In this game, you take command of a spaceship charged with defending Earth from wave after wave of intergalactic barnyard fowl. By dodging eggs, blasting chickens and collecting drumsticks you'll battle your way through the game's limitless levels. Like Space Invaders – but with chickens!There isn't much to the gameplay of Chicken Invaders: it's a humorous reskin of classic shoot-em-ups, with all the features you'd expect from that. As you advance, you'll discover presents that let you upgrade your ship with new and more powerful weapons. Blast enough chickens and you'll be rewarded with drumsticks. Collecting drumsticks can earn you a powerful missile which will let you get past particularly challenging sections. Each level consists of ten waves; at the end of every ten waves, you'll fight a boss, after which you'll warp to the next level. That's it, more or less: it's a traditional arcade-style game without story, characters, or gameplay wrinkles. The added weirdness of your targets being chickens does lend the whole thing an air of bizarre humour. Sometimes simpler is betterChicken Invaders is a very simple game -- an arcade classic given a bizarre late-90s makeover. It's simple, but it's still surprisingly compelling fun and an appealing way to while away a little time here and there. Tried and tested shoot-em-up gameplayFun, cartoony chicken graphicsLittle real depthDated, simplistic graphics
